Dedication

To our capable and talented class advisor who, by his untiring effort and guidance, made this yearbook possible. We take this opportunity to express our appreciation and thanks by dedicating this "Oil Can" of '49 to Mr. William Paup.

Foreword

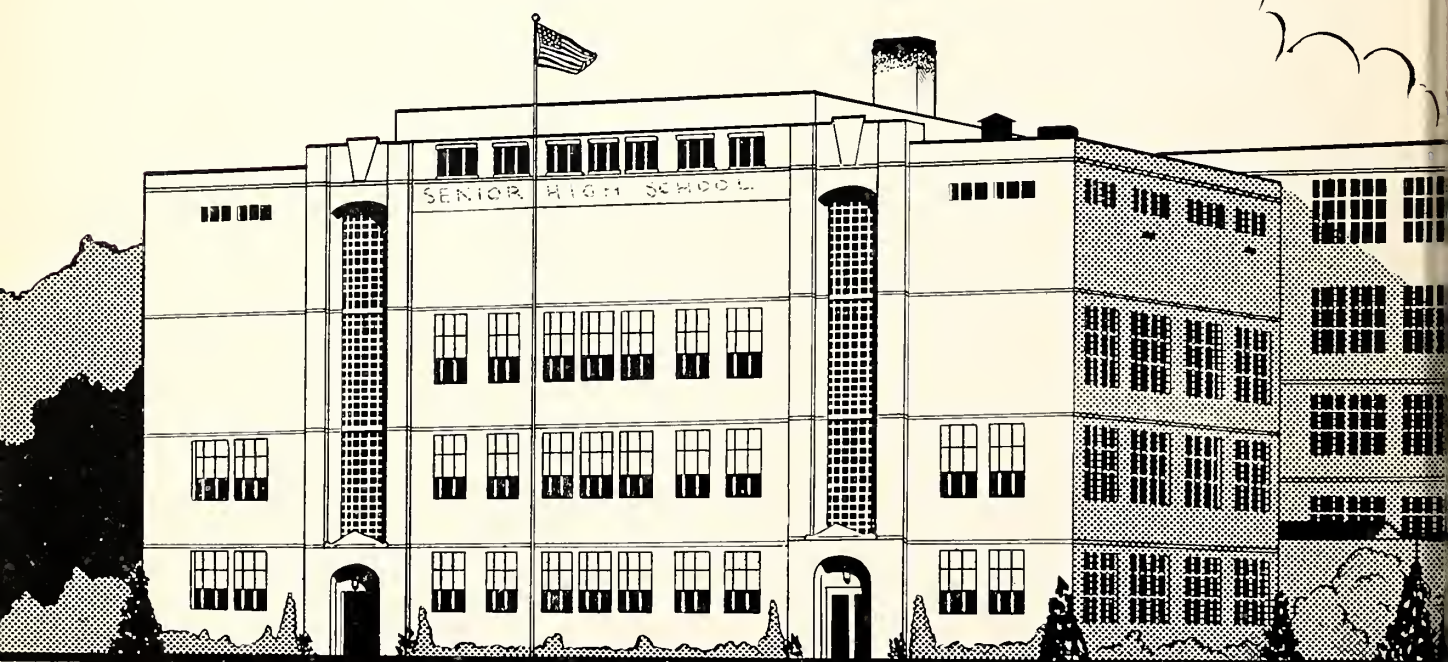

In preparing this volume we have endeavored, with the highest of aims and ideals, to include those things which will recall the cherished memories of student days at Oil City Senior High School. Yet the result of our striving is, after all, only another Oil Can. We hope that it will please you.

Her alert, attentive manner was a source of enjoyment to both teachers and students in all her classrooms. Despite Suzanne's illness and many days' absence, her name was always on the honor roll.

"Varsity Football"

Coaching from head coach John Kaufman and assistant coach Blair Hildebrand, the Blue and White football team opened the season successfully by a 6-0 victory over Titusville. From there on in, the Oilers started downhill even though they scored in yards gained and first downs. Oil City was outclassed in the second game with Grove City the following week. It was a heartache all the way for sport fans and players, but the Butler game proved the Oilers could win with the score of 6-7.

Graduation took fourteen lettermen, but next year's squad will retain nine players.

Wrestling

The Oiler wrestling team, coached by Blair Hildebrand, split ten matches evenly this year. This is the third year that Oil City High School has had wrestling, and there has been an improvement shown every year. In the District matches, held at Greenville, the following boys got as far as the semi-finals before losing out: Harold Pritchard, Wade Simons, Alfred Colvenbach, Jim Krug, and Don Huff. All these boys will be back next year to form the nucleus of the squad.

Senior Wrestling Lettermen

JOHN KERR—John, a senior, is a two-year letterman, competing in his sophomore and senior years. In the 154-pound class, John could be counted on in the pinches.

ED SWEET—In the last two years of competition, Ed piled up a string of eight victories. Ending his career in his sophomore year, Ed lost only three matches.

LEWIS DRAKE—Although "Lew" was the quietest member of the squad, his enthusiasm for wrestling cheered the team along.

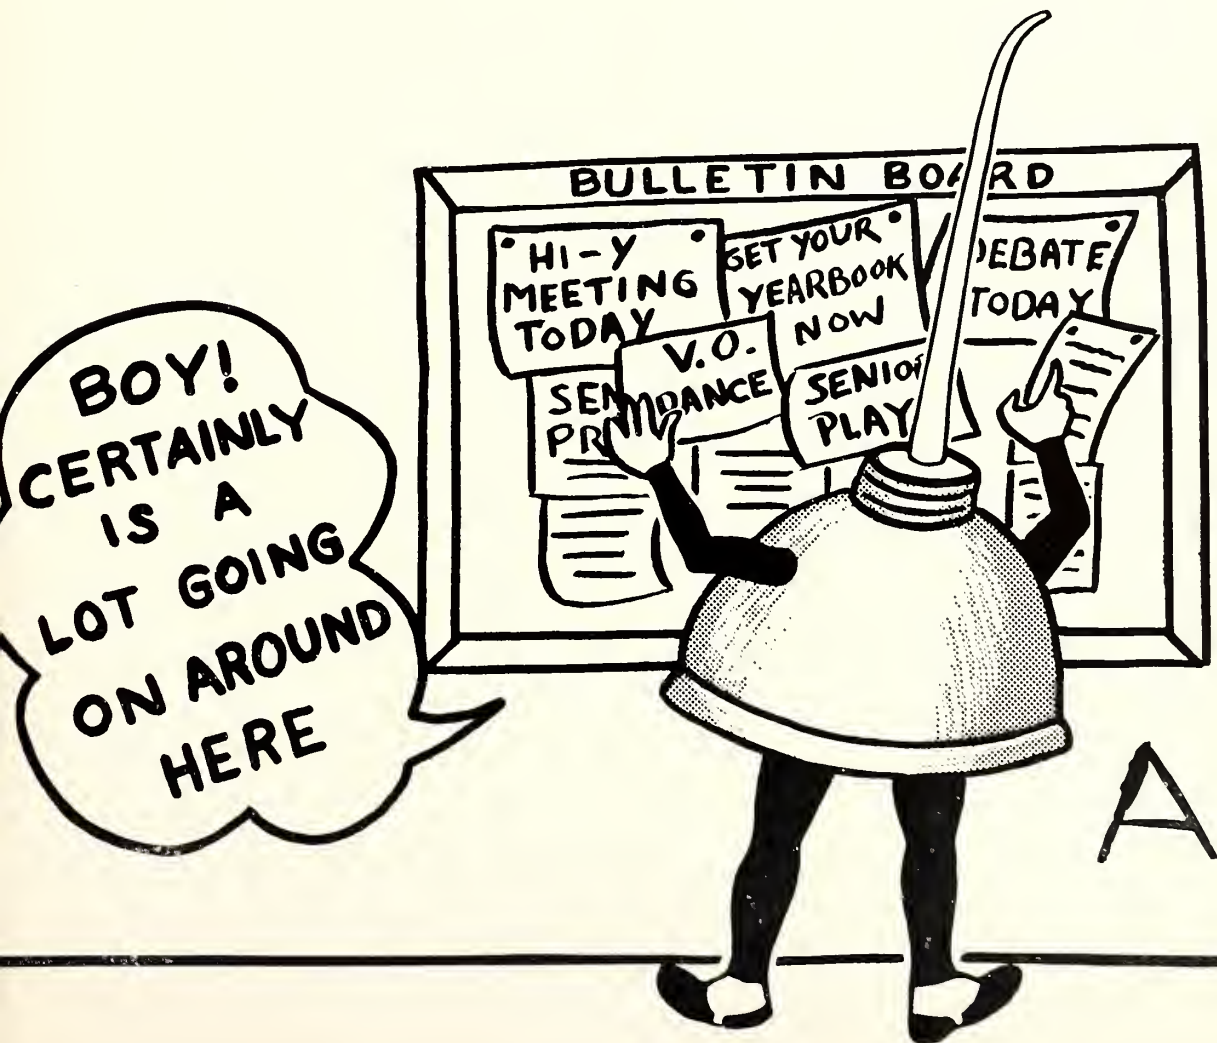

ROBERT JEFFREY—"Jeff," a three-year letterman, was able to hold his own in the 185-pound class until he was handicapped in the middle of the season by a shoulder injury.

CARL MASTER—"Curly" divided his time between 145 and 154 pound classes. He wrestled his opponents in a determined way.

WINFIELD ZEHRUNG—"Skip" served as faithful manager for the past two seasons. You could always count on him to "roll out the mat."

Mixed Chorus

These students practiced daily in the music room under the direction of Mr. Mitchell. Some were advanced to A Cappella and some girls were advanced to Girls Choir.

A Cappella

This outstanding musical organization is composed of 150 selected voices. Third Row, left to right—Joan Adams, Joyce Black, Faye Ritchie, Helen Earhart, Helen Goodemote, Leona Elder.

Throughout the past year the drum majorettes, who are noted for their excellent performance, have worked hard to entertain the public. If you attended the football games, you would have seen them in their dashing white boots, blue and white uniforms, tall hats, and sparkling batons marching down the field in all their glory. They were also a big attraction in many of the local parades.

The majorette's corps consisted of fourteen of Senior's prettiest, most capable, and most hard-working junior and senior girls.

Margie Simpson and Ardelle Hill did a fine job of making up routines and instructing these girls. Next year the majorettes will be under the instruction of Joan Nelson.

They have also taken part in many civic activities, and they were ready to help out wherever possible.

Swing Band

Second Row, left to right—Bob Hagan, Shirley Keenan, Ronald Austin, Delores Hicks, Norman Kimes, Tom Guyton, Mr. Runzo.

Rehearsing regularly under their advisor, Mr. Runzo, the group was more than ready by mid-term to provide some snappy music for the basketball games, pep meetings, assemblies, and dances.

This small group of people were the victims of slave drivers, Skip Zehrung and John Budesky, in the production of this Oil Can. They came out on top with no harm done except a few cases of writer's cramp and two or three worn out dictionaries. Little needs to be said about the work of this staff. All one has to do is glance through the Oil Can to see the fruits of their labor.

### OIL CITY . . . MY CITY

OIL CITY is the place where my home is founded, where my children are educated, where my business is located, where my vote is cast, where my good neighbors dwell, and where my life is chiefly lived. I have chosen it, after due consideration, among all the cities of the earth. It is the "home spot" for me.

OIL CITY wants my citizenship; friendliness, not offishness; co-operation, not dissention; sympathy, not indifference.

OIL CITY provides me with law and order, trade, friends, education, morals, recreation, and the rights of a free-born American.

I should BELIEVE IN OIL CITY and work for it—and I WILL.

CONGRATULATIONS!

My heartiest congratulations to the young men and women graduates from the Oil City Senior High School!

To go to school in America, where anyone who wants it can have a sound and useful education, is indeed a priceless privilege.

And when school days are over, to work at a job of your own choice; to take part in the activities of the community where you live; to choose your government representatives, freely and without coercion, in the security of the voting booth; to have maximum enjoyment of your rights and privileges so long as you do not infringe on the rights and privileges of your neighbor; to worship God as you please; to express your views without fear; to meet freely with your friends and neighbors for the discussion of problems of mutual interest; to go where you want when you want; those are some of the many privileges that go with being an American.

But we must never forget that with these privileges goes a responsibility—the responsibility of keeping America free—and this is a challenge to everyone of you. It is only by keeping America free that we can safeguard the dignity of the individual American and his privilege of living the way he wants to.

The future stretches before you. What you make of it is in your own hands. If I were asked to summarize my advice in a few words, I would say, “**THINK FOR YOURSELF — DO NOT ABDICATE YOUR RIGHT TO MAKE YOUR OWN DECISIONS TO SELF-SEEKING DEMAGOGUES OR POWER-HUNGRY DESPOTS.**”

My best wishes to you all.

PENNSYLVANIA MOTOR OIL”

This advertising of the merits of motor oils made from 100% Pennsylvania Grade crude oil is made possible by the combined efforts of the Association's producer, refiner, and jobber members. It supplements the advertising of individual Pennsylvania motor oil brands by the respective refiners and marketers and helps to strengthen the impact of all Pennsylvania oil advertising. By stimulating demand for the end product, the Association endeavors to assure the producer the maximum realization for his crude oil.
